Dear Phil,

Sorry about the delay in sending you this transcript of our interview. I have only one tape recorder of that kind and I had to keep it busy on something that is more immediate. I tried to make a dub of the tape but it was not of good quality.

What I'd like to ask is that you go over this and make such changes as you think necessary. Ignore the kind of language that freezes unpleasantly in type when we speak extemporaneously. Stick the fact. Add anything you'd like, if there is anything you've thought of or if this jobs your memory.

They ~~will~~ send it back to me for me to pick those changes up and I'll return it to you.

Haven't been able to phone Barbara. Want to but I've been too busy or away or both. Leaving soon for New Orleans again.

I have sent copies of the material you sent me to Garrison. As soon as I hear that it reached him safely I'll return whatever you'd like back, unless he would like the originals, in which case I can return you copies until he finishes with the originals.

Many thanks.

Sincerely,

Harold Weisberg
